

BEST COST-NO-OBJECT
SENNHEISER PXC 450
£300 ★★★★★

Hear someone mention noise-cancelling headphones and you might think of Bose, a familiar name from 1000 Sunday supplements. But the PXC 450 sound-drowners beat Bose by a country mile with their dynamic, detailed performance. Yes, they're not cheap, but there's nothing like knowing you've got the best – and that they'll last. Also, they're battery powered, and their closed-cup design is a snug fit on the ear.

VERDICT

The '450s scooped a gong for Best Noise-cancelling Headphones in our 2008 Awards: simply stunning
